COVID-19 Vaccination is a Safer Way to Help Build Protection
MILLIONS OF PEOPLE

IN THE UNITED STATES HAVE RECEIVED COVID-19 VACCINES

COVID-19 vaccines are safe and effective. Millions of people in the United States have received COVID-19 vaccines under the most intense safety monitoring in U.S. history.

COVID-19 Vaccination is an Important Tool to Help Stop the Pandemic

WEARING MASKS + SOCIAL DISTANCING

PROTECT YOURSELF AND OTHERS FROM COVID-19.

Until you're fully vaccinated, wearing masks inside public places + staying at least 6 ft apart from people who don't live with you & who may not be vaccinated reduce your chance of being exposed to or spreading the virus. Even people who are vaccinated in areas of substantial or high spread of COVID-19 should wear a mask inside public places to maximize protection from the highly contagious Delta variant and prevent possibly spreading it to others.

Three ways to find a vaccine: Go to vaccines.gov, text your zip code to 438829, or call 1-800-232-0233 to find a vaccine near you
